ORTHOFASHION BY NIMCO

Edgy is what we are.
We live on the edge of fashion,
on the fringe of cool
on the border of modernity
and,

on the frontline of the
orthopaedic shoe industry.

Orthofashion by Nimco is a new concept for shoe design and development. Our vision is to make the best-looking orthopaedic shoes in the world.

It is also a new form of art and a new approach to fashion. Highly functional. Completely focused on comfort.

NIMCO MADE FOR YOU

NIMCO MADE FOR YOU

This is a story about people. More people than you can ever imagine. This is not about everyone; this is about each one.

All different, all special, some are sleepy, some are messy, some are growing up. We know them all. Sarah, Frank... Here, every foot has a name. Here, every foot has a footprint. We make shoes just for you. You know us.

WE WERE MADE FOR YOU

Innovation, identity, and future in custom-made orthopaedical footwear.

Because each story is unique.

This is a story about each one of us and the way we get to places we want to conquer. It is about our journey through adventures and mishaps. It is the story of the way we challenge obstacles and how we manage to overcome them. Step by step.

This story is about every gesture to achieve a sustainable world. It is about you.

A fashion advertisement featuring three children. On the left, a girl stands wearing a brown quilted vest over a white shirt and dark jeans. In the center, a girl sits on a light blue block, wearing a pink and white vest over a white shirt and blue jeans. On the right, a boy sits on the same block, wearing a grey and yellow vest over a yellow shirt and dark jeans. The background is split into orange and green sections. The word 'chi' is written in large white letters across the middle.
